

# Class: 3-1 Ed Sheeran

## The Stone Age

### Our Learning

**Miss Hudson** is my teacher.  
**Mrs Berry** also helps in my class.  
 My **PE** days are Tuesday and Wednesday.  
**Computing** is on a Wednesday afternoon.  
**Library** is on Friday.

**Literacy:**  
 In Literacy, we will be reading 'Detective Dan' which is a story with a familiar setting. We will then use this as the theme for our own writing. We will also be reading 'Ug' and 'Stone Age Boy' linked to our CLICK topic to inspire our writing.

**Numeracy:**  
 In Numeracy, we will be studying place value, mental calculations, 2D shapes and perimeter and the four operations. We will also be recapping our times tables.

**Computing:**  
 In computing our topic is called 'Wired World' where we will be learning all about internet safety and how the internet works. We will be thinking about how we present ourselves and protect ourselves on the internet.

**CLICK:**  
 In CLICK, we will be looking at pre-historic Britain and studying Stone Age life. We will focus on the Neolithic period.

### You can help us by...

Remembering to send your child's PE kit on the correct days; encouraging them to read, help them to learn their times tables and spellings at home and by reminding them to complete and return their homework each week.

### Citizenship

**British Values:**  
 In our social and emotional learning, we will be thinking about new beginnings. This will help us to set targets and enjoy a successful start to our new year group and learning. We will also focus on democracy and what it means to be British.

### Being Creative!

**Creative Arts:**  
 As part of Art and Design Technology we will be looking at creating cave paintings, making tools and weapons. We will also be designing and creating Stone Age jewellery.  
 In Music, we will be working on playing in rounds.

**This Half Term's Homework is:**

One piece of Literacy and Numeracy will be given each week. Spellings will be given each week to learn alongside times tables. For CLICK homework pupils should research the Stone Age and create a piece of work in any style they would like.

Homework is given on a Friday and collected the following Wednesday.
