

Year 1
Spring 1 2025

Bees – Miss Douglas/Mrs Berry
Dragonflies – Mrs Haigh/Miss Dyson

Art

- Sketching animals using different techniques.
- Continuing patterns of animal's skin/fur.

Computing

- Using databases to gain information.
- Purple mash programme, following instructions.
- Developing keyboard and mouse skills.
- Internet safety, E-Safety Week
- Beginning to explore coding using a simple programme.

Science

Our key skill for this half term is to *CLASSIFY* and *IDENTIFY*.

- Identify animals and the groups they can be classified into.
- Labelling the features of different animals.
- We will be comparing the features of different animals.
- Categorising animals into mammals, amphibians, invertebrates, reptiles, birds or fish.

Design Technology

- Puppet making, designing, making and evaluating our own animal puppets.

Animal Adventures!

This half term we will be looking at different animals.

To start our topic, we will also have a visit from Captivating Creatures who will bring in some animals for us to look at and hold.

Geography

- To understand that animals come from different parts of the world.
- Recognising the 7 continents of the world.

RE

- Exploring the world, and what is good about our world.
- Exploring creations, and our own feelings when we create something.
- Sharing Christian, Islamic and Jewish stories about creation and the world around us.

Music

- Continuing work using 'Charanga' and 'Music Express'
- Animal sounds.
- Creating sounds using instruments to match the sounds of animal habitats.

JIGSAW

- We will look at the topic 'Dreams and Goals', looking at our achievements for the future.

PE

- Dance, Handa's Surprise.
- Multi Skills with our PE coach, Darcie.
