

Year 3 – Autumn 1 2025

English

In English, Year 3 will be focusing on strengthening their phonics and developing fluency in reading. The children will practise their cursive handwriting and will be learning to use their inference skills to read between the lines and understand texts more deeply.

Maths

In Maths, we will be consolidating our knowledge of place value. This will involve representing and partitioning numbers up to 100 and 1000, finding 1, 10 or 100 more or less than a number and comparing and ordering numbers to 1000.

R.E.

In RE we will be learning all about the creation story in different religions and what these creation stories tell us about our world.

Computing

In Computing we will be learning all about keeping ourselves safe online.

Science

This half term in Science, Year 3 will be learning all about skeletons. We will discover why humans and animals need a skeleton, explore the different types of skeletons, and learn the names of some of the main bones in the human body. We will also investigate how our skeleton helps us to move, grow and stay protected.

CLICK

This half term in CLICK we will mainly focus on Geography; Year 3 will be learning about the United Kingdom. The children will explore the four countries that make up the UK, their capital cities, and the features that make each country unique. They will also learn about the flags of the UK and use maps to locate and label different places.
